CREATIVE ARTS ACADEMY

believes that
music and the arts
should be
affordable, **accessible**,
practical, and,
definitely, **fun**.

Creative Arts Academy, Common Ground Community Development's instructional arts program, is located in the underserved area of Lake Worth Beach.   Lake Worth Beach's poverty rate is twice that of the whole state. This means they don't have the means to send their kids to music lessons so they are missing out on the social, emotional, educational, and physical benefits they receive with music instruction.
CAA's goal is to *impart the arts, empower intellect, and train life-long musicians*.
Partner with us in bringing life and change to our community through music and the arts.
